

DICTIONARIES

AUSTRALIAN AUTHOR

Australian Little Oxford Dictionary

This compact and comprehensive dictionary is the ideal reference companion for the office, home or travel. Oxford's Australian dictionaries offer a unique combination of Australian and International English usage. The *Australian Little Oxford Dictionary* was written for those who need a compact guide to the spelling and meaning of words in the English language today. In addition to words and meanings, the dictionary also provides assistance on correct usage and style. This dictionary contains up-to-date content in the light of evidence collected by the Australian National Dictionary Centre and the Oxford Dictionaries Department. The area of greatest expansion in vocabulary undoubtedly remains computing and information technology. The world of the *Internet* has provided numerous new terms, as has the realm of *text messaging*. With over 44,000 headwords, this essential and portable reference provides the dictionary user with all the necessary information about these and other new words.

NEW EDITION

Compact Oxford Dictionary and Thesaurus

Third Edition

The brand-new edition of the *Compact Oxford Dictionary & Thesaurus* is the ultimate one-stop reference, containing both a dictionary and a thesaurus in one handy volume, making it ideal for all your language needs. The dictionary has excellent coverage of everyday English, containing over 90,000 words, phrases and definitions and incorporating the newest words and phrases from Oxford's language research programmes. The thesaurus provides over 100,000 synonyms and antonyms. New to this edition are sections on improving and explaining vocabulary and language skills, games and puzzles, and quick tips for spelling.

OXFORD HISTORY OF WESTERN MUSIC

The Oxford History of Western Music is a magisterial survey of the traditions of Western music by one of the most prominent and provocative musicologists of our time. Now in paperback and available for the first time as individual books, each edition takes on a critical time period in the history of western music. Each book in this magnificent set illuminates - through a representative sampling of masterworks - those themes, styles, and currents that give shape and direction to each musical age. Taking a critical perspective, Taruskin sets the details of music, the chronological sweep of figures, works, and musical ideas, within the larger context of world affairs and cultural history. Each book is filled with helpful illustrations as well as musical examples, black-and-white pictures throughout, and suggestions for further reading.

SCIENCE

NEW IN PAPERBACK

Trust Self-Interest and the Common Good

Marek Kohn

Trust lies at the very heart of our relationships, our society and our everyday lives. And yet trust, or the lack of it, is becoming an increasingly prominent issue in public life. This short but thought-provoking book reveals why scientists, social scientists, and philosophers no longer take trust for granted. Beginning with some fascinating biological puzzles about the origins of trust, Marek Kohn explores many different perspectives to draw out wider implications for trust in society today.

VERY SHORT INTRODUCTIONS

Notebooks from New Guinea Field Notes of a Tropical Biologist

Vojtech Novotny

This is a unique and delightfully engaging account by a leading tropical biologist of doing science at one of the last wild frontiers in the world. This collection of notes and reflections contains not only descriptions of natural history and scientific research in the rainforest, but accounts of the local peoples and their culture, the challenges of working across very different cultures, and amusing portraits of the antics of Western tourists. Beautifully illustrated, the faithful translations by David Short bring these notes and reflections to a wide audience with warmth and wisdom.

Superconductivity A Very Short Introduction

Stephen J. Blundell

Superconductivity is one of the most exciting areas of research in physics today. Outlining the history of its discovery, and the race to understand its many mysterious and counter-intuitive phenomena, this *Very Short Introduction* explains in accessible terms the theories that have been developed, and how they have influenced other areas of science, including the Higgs boson of particle physics and ideas about the early Universe. It is an engaging and informative account of a fascinating scientific detective story, and an intelligible insight into some deep and beautiful ideas of physics.

A new look for this acclaimed series. Each rich anthology is selected and introduced by a distinguished editor. The selection of verse or stories is unusually wide, and opens up a wonderful vista of writing old and new.

Repetition and Philosophical Crumbs

Soren Kierkegaard

According to Kierkegaard's pseudonymous narrator in *Repetition*, life itself is a repetition, and in the course of this witty, playful work, Constantius explores the nature of love and happiness, the passing of time and the importance of moving forward (and backward). The ironically entitled *Philosophical Crumbs* pursues the investigation of faith and love and their tense relationship with reason. Written only a year apart, these two works complement each other and give the reader a unique insight into the breadth and substance of Kierkegaard's thought.

The Lives of the Poets: A Selection

Samuel Johnson

In the last of his major writings, Samuel Johnson looked back over the previous two centuries of English Literature in order to describe the personalities as well as the achievements of the leading English poets. The major *Lives* - of Milton, Dryden, Swift, and Pope - are memorable cameos of the life of writing in which Johnson is as attentive to human frailty as to literary prowess. Unsentimental, opinionated, and quotable, *The Lives of the Poets* continues to influence the reputations of the writers concerned. This selection of the *Lives* of eleven of the most important poets draws its text from Roger Lonsdale's authoritative complete edition.

IMMEDIATE RELEASE

Moon

Stewart Ross

Since prehistoric times, the Moon has been an object of fascination, awe and even worship. The fortieth anniversary of the Moon landings is an opportunity to look at the Moon from many angles: historically, as an object of worship; traditionally, as one of the first objects for scientific research in the solar system; artistically, the Moon features in paintings, books, films, and endless music; and finally scientifically, an exploration of the historic journey to the Moon and back in 1969. *Moon* takes a magical and mystical look at this wonderful icon as well as being fact-filled.

Shark Island

David Miller

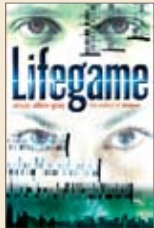

Luka, Ned and their parents are on the holiday of a lifetime on the paradise island of Kaitan. But the idyll is shattered when pirates come in the night, burning their house and kidnapping their mother and father. The children are stranded, and don't even know if their parents are alive or dead... In this action-packed adventure, there is no one to help. Survival and escape are up to Luka and Ned. *Treasure Island* meets *The Beach* in the return of the great adventure novel.

Lifegame

Alison Allen-Gray

Fella and Grebe have grown up on an island, believing that the world beyond its shores is toxic and that the islanders are the lucky survivors of a disaster. But when Fella discovers a diary hidden fifteen years ago by someone from the Outside, it gives the two friends hope that they can escape the brutality of their lives. Yet when they manage to get off the island, they discover that not only is the Outside alien and frightening, it forces them to understand the appalling truth about where they have come from, and why they were there.

Unique

Alison Allen-Gray

Dominic has always been a disappointment to his ambitious father, but he has never understood why. Then he discovers that he had an older brother who died before he was born. Where his brother was a brilliant academic and scientist, Dominic prefers to 'waste' his time painting. Dominic decides to try to find out about his brother, but he discovers more than he bargained for. Their father had Dominic's dead brother cloned, and Dominic is the result. How can he live with this mind-blowing discovery? If the truth is ever made public, it could put people's lives in danger - including his own.

Borderland

Rhiannon Lassiter

Zoë's always been an outsider, watching the 'in' crowd from afar and longing to be part of it. So when popular Laura notices her, Zoë is desperate to impress. Soon Laura lets Zoë into a secret, a hidden doorway to another world. But Zoë quickly realizes that what's going on in the city of Shattershard is no game. Caught between opposing sides, Zoë no longer knows who to trust. As her old life slips further away, she is starting to see that getting into Shattershard was easy... but getting out may not be possible.

Giddy-Up, Winnie!

Laura Owen, Illustrated by Korkey Paul

Winnie the Witch has many talents! In 'Winnie's Wheels' she magics an old wreck of a car to take herself and Wilbur on holiday and demonstrates some rather unconventional driving skills; in 'Blooming Winnie' she summons the help of the ghost of Great Aunt Winifred in order to control a class of unruly children who have come to see her garden; in 'Winnie's Tea Party' Winnie is playing hostess and showing off her culinary repertoire to her oddball relatives; and in 'Giddy-Up, Winnie!' Winnie and Wilbur head for the local race meeting on a homemade hobby horse - with hilarious results.

Just Like Tonight

Amber Stewart, Illustrated by Layn Marlow

Button is a little bear cub. He has had a busy day playing and now it's time for Mummy and Daddy to put him to bed. But just as they pad quietly away, Button remembers the fallen log he clambered over during the afternoon, and becomes too anxious to sleep. He calls out and Daddy comes back to comfort Button. Daddy always knows what to do in these situations – he tells Button the lovely, familiar story of the day he was born. A lovely book that celebrates the joy of parenthood and the special bond between fathers and their children.
