

## Engaging group reading with a focus on phonics

*Project X Phonics* provides 40 engaging and fully decodable books that can be used alongside any phonics teaching program. They are ideal for consolidating students' learning.

*Project X Phonics*:

- is 100% matched to letters and sounds Phases 1–4, with step-by-step progression
- provides group work and one-to-one reading practice
- provides embedded activities and teaching notes
- includes 40 ebooks for use on the interactive whiteboard or for independent student practice.

### Why phonics?

There is more to reading than phonics; however, knowledge of the alphabetic code and the important phonic skill of blending sounds are fundamental to developing early reading successfully.
