## Physical Education for Queensland Units 3 & 4 (Second edition)

**TITLE** *Physical Education for Queensland 2E Units 3 & 4 Student book + obook assess*  
**ISBN** 9780190313241 **AVAIL.** Oct. 2019  
**PRICE** \$59.95

### Chapter 1 Physical Education toolkit

- 1.1 Course overview for QCE Physical Education
- 1.2 Assessment overview for QCE Physical Education Units 3 & 4
  - 1.2A Tips for success on the Project – folio
  - 1.2B Tips for success on the Investigation – report
  - 1.2C Tips for success on the Examination – combination response
  - 1.2D Understanding cognitive verbs
- 1.3 The importance of data in QCE Physical Education
  - 1.3A Putting data to use in Physical Education
- 1.4 Careers in physical education, sport and fitness

### UNIT 3 TACTICAL AWARENESS, ETHICS AND INTEGRITY AND PHYSICAL EDUCATION

#### Chapter 2 Tactical awareness

- 2.1 Introduction to tactical awareness
- 2.2 Approaches to motor learning and the development of tactical awareness
- 2.3 The dynamic systems approach and dynamic models of learning
- 2.4 Introduction to a constraints-led approach to teaching and learning
- 2.5 Implementing a constraints-led approach
- 2.6 Assessment support – Summative internal assessment 1: Project – folio
- 2.7 Developing tactical awareness in ‘invasion’ physical activities [\[ONLINE ONLY\]](#)
  - 2.7A Australian football
  - 2.7B Basketball
  - 2.7C Futsal

- 2.7D Netball
- 2.7E Soccer
- 2.7F Touch football
- 2.7G Water polo

#### 2.8 Developing tactical awareness in ‘net and court’ physical activities [\[ONLINE ONLY\]](#)

- 2.8A Badminton
- 2.8B Tennis
- 2.8C Volleyball

#### Chapter 2 review

### Chapter 3 Ethics and integrity

- 3.1 Introduction to ethics and integrity
- 3.2 Ethics, integrity and physical activity
- 3.3 Fair play
- 3.4 Developing personal values and ethical behaviours
- 3.5 The influence of ethical values and ethical strategies on fair play and integrity
- 3.6 The influence of globalisation and media coverage on ethical values and behaviours
- 3.7 Ethical dilemmas
- 3.8 The ethical decision-making framework
- 3.9 Assessment support for summative internal assessment 2

#### Chapter 3 review

### UNIT 4 ENERGY, FITNESS AND TRAINING AND PHYSICAL ACTIVITY

#### Chapter 4 Energy, fitness and training

- 4.1 Introduction to energy, fitness and training
- 4.2 Energy requirements for physical activity
- 4.3 Energy systems used in physical activity
- 4.4 Fitness requirements for physical activity
- 4.5 The role of oxygen in performance
- 4.6 Training requirements for physical activity
- 4.7 Training zones
- 4.8 Principles of training
- 4.9 Training methods
  - 4.9A Continuous training
  - 4.9B Fartlek training
  - 4.9C Resistance training
  - 4.9D Interval training
  - 4.9E Flexibility training
  - 4.9F Circuit training
- 4.10 Fatigue and recovery in training
- 4.11 The theory of periodisation
- 4.12 Developing a training program
- 4.13 Developing a training session plan
- 4.14 Assessment support – Summative internal assessment 3: Project – folio

#### Chapter 4 review

### Chapter 5 Unit 4 revision and examination preparation

- 5.1 Energy requirements for physical activity including energy systems
- 5.2 Fitness requirements for physical activity
- 5.3 The role of oxygen in performance and training zones
- 5.4 Principles of training
- 5.5 Training methods, fatigue and recovery in training
- 5.6 The theory of periodisation
- 5.7 Developing training programs and training sessions

### Chapter 6 Skill drills

- 1.2A Planning, creating and presenting a Project – folio [\[ONLINE ONLY\]](#)
- 1.2B Creating and presenting an Investigation – report [\[ONLINE ONLY\]](#)
- 1.3A Strategies for improving your results on the Examination – combination response [\[ONLINE ONLY\]](#)
- 1.3B Conducting a survey and presenting the results [\[ONLINE ONLY\]](#)
- 1.3C Use the internet to find relevant, credible and reliable sources [\[ONLINE ONLY\]](#)
- 2.3 Devising a personal tactical strategy
- 2.4 Evaluate the effectiveness of decision making in authentic game settings
- 2.6 Evaluate the effectiveness of your personal tactical strategy
- 3.4 Implement your values in physical activities
- 3.7 Ethical dilemmas exercise
- 3.8 Apply the decision-making framework to an ethical dilemma

- 4.5 Determine your fitness profile
- 4.5A Use heart rate recovery as a measure of fitness
- 4.5B Determine your VO<sub>2</sub> max
- 4.5C Determine your lactate threshold
- 5.1 Evaluate the effectiveness of a training session on a particular energy system
- 5.2 Determine personal performance capacities for a physical activity using customised fitness testing
- 5.3 Using heart rate to determine if you are in the correct training zone
- 5.4 Determine the importance of applying the training principles when developing a training program
- 5.5 Determine the impact of volume, intensity and skill work for development of a specialised movement sequence
- 5.6 Determine the importance of periodisation
- 5.7 Evaluating the importance of a correctly structured warm up
