## A note on student reading for Foundation Weeks 31–36

In Foundation Weeks 31–36, Phase 5 graphemes are first introduced to students. We recommend students shouldn't be reading books containing these graphemes until they are taught again in Year 1. So, for these Weeks we suggest students read the Essential Blending Books 18–23 (included in the ELSA eLibrary) and read the earlier print books in the above Foundation Pack. Week 35 is the exception, as it is a Review week. The Week 35 title Adopting a Cat reviews Phases 3 and 4.

\*Early adopter period ends 15 December 2025.

\*\* ELSA eLibrary School Subscription is a separate purchase.

## Essential Letters and Sounds Australia Year 1 Pack Decodable Readers

The Essential Letters and Sounds Australia Year 1 Pack provides decodable readers perfectly matched to the ELSA Scope & Sequence for every week of the program. Students will read one book in pairs during the explicit teaching weeks (one book between two students), and two or more books in pairs across each review week (one book between two students).
